

## **Virginia Board of Pharmacy Miscellaneous Standard Sanctions**

### **Failure to report to the Prescription Monitoring Program**

The Board determined standard procedures and sanctions for pharmacies who fail to submit timely required reports to the prescription monitoring program. A first letter will be sent concerning non-reporting and, if no response or an inadequate response is received, a certified letter would then be mailed. Should the dispenser still not respond or give an inadequate response, the matter will be referred for disciplinary action to include, but not be limited to, the offering of a pre-hearing consent order requiring the immediate submission of the required data and a \$1000 fine for each unreported period.
